*Inter-Varsity Folk  
Dance Festival*

26th-28th February 2016

**The student-run budget-friendly festival of  
traditional and contemporary folk music,  
dance and song.**

Join us for the Inter-Varsity Folk Dance Festival 2016, hosted by the University of Warwick Folk Society for the very first time!

The festival takes place over a weekend with large social dances in the evenings and a myriad of workshops during the daytime. All dances will be called, so no prior experience is necessary!

IVFDF is a non-profit organisation whose sole aim is to provide the best value festival in the country. Where else can you find the top artists in folk for less than your weekly shop?
